

A **NASA iTech** Event

# IGNITE THE NIGHT DENVER

**AUGUST 20, 2018 / 6 - 9 PM**

at  **WINGS  
OVER THE  
ROCKIES**

Are you an entrepreneur developing a technology that is solving a real world problem? Have you ever thought about how that technology might be able to also address similar challenges for NASA? Don't miss this opportunity to pitch your technology at the NASA iTech Ignite the Night in your city. Apply now and you may just qualify as one of the Top 15 *Ignite the Night – Denver* presenters.

Focus areas include:

- Big Data & Data Mining
- Artificial Intelligence & Autonomous Robotic Capabilities
- Revolutionary Concepts for Communications
- Medical Breakthroughs
- X-Factor Innovations

One top presenter from each Ignite the Night event will be selected, earning a position as one of the Top 25 Semifinalists for the current cycle where their technology will be evaluated and has a chance to be selected as one of the Top 10 Finalists to present at the next NASA iTech Forum.

**APPLICATION DEADLINE AUGUST 10, 2018**

**REGISTER TO COMPETE OR RSVP TO ATTEND AT**
